

# KALEIDO R&D POLICY

01

We aim to accomplish the best innovation projects which improve our customers business processes

**COLLABORATIVE  
INNOVATION  
PROJECTS**

02

We aim to generate business leads by bringing our products to the market

**COMMERCIALIZING  
OUR INNOVATIVE  
SOLUTIONS**

03

We aspire to position Kaleido as a reference brand in logistics and innovation

**BEING A SPECIAL  
LOGISTIC  
OPERATOR**

## OPEN INNOVATION ECOSYSTEM

**ALWAYS LOOKING  
FOR NEW  
TECHNOLOGIES**

**EXPAND BUSINESS  
OPPORTUNITIES  
AROUND THE WORLD**

**FULFILLING  
THE LEGALITY**

04

We identify and incorporate new technologies of interest

05

In addition to proposing internal improvements, we identify technologies and stakeholders around the world with which we can continue to be more and more unique and special

06

We are committed to comply with the applicable R & D legislation, as well as to apply continuous improvement within the management system
