

QUALITY, ENVIRONMENT, SAFETY, HEALTH AND INFORMATION SECURITY POLICY

KALEIDO

IDEAS & LOGISTICS

**GLOBAL LOGISTIC OPERATOR
ESPECIALIZED IN INNOVATION**

Our **MAIN VALUES**

customer's satisfaction

environmental awareness, workers' health and safety

boost of innovation and continuous improvement

meeting regulation standards

KALEIDO has implemented an Integrated Management System according to **ISO standards 9001, 14001, 45001, 50001, 14064, 27001** and the **EMAS** Regulation.

This Policy provides the framework for setting the objectives of the Integrated Management System for Quality, Environment, Health and Safety, Energy Efficiency and Information Security.

KALEIDO IS COMMITTED TO:

1 ADAPT TO OUR CUSTOMERS IN ORDER TO SATISFY THEM

comply with the customer's requirements offering the best service without impacting the environment and ensuring workers' safety and health.

2 WORK UNDER THE PRINCIPLE OF PREVENTION, AVOIDING POLLUTION AND MAINTAINING WORKERS' HEALTH

planning all processes, reducing and removing waste produced in logistical operations and promoting the sustainable use of adequate resources

3 FOSTER TEAMWORK AND THE PARTICIPATION OF WORKERS IN THE MANAGEMENT AND DEVELOPMENT OF A COMPREHENSIVE HSEQ SYSTEM

that will provide the staff of the company with the necessary means and an adequate training plan for continuous learning.

4 ACQUIRED COMMITMENT TO STAKEHOLDERS

disseminating our quality policy, environment, safety, health and services, supporting the procurement of products and services that have an impact on energy performance.

5 ESTABLISHING THE COMMUNICATION CHANNELS TO WORK TOWARDS

CONTINUOUS IMPROVEMENT ALWAYS IN COMPLIANCE WITH THE LAW

and other requirements to which the organisation voluntarily subscribes, as well as legal requirements applicable to information security.

6 PROTECTION OF CONFIDENTIALITY, INTEGRITY AND AVAILABILITY AT KALEIDO DATA

The **INTEGRATED MANAGEMENT SYSTEM** will be revised by Kaleido Management, and all employees or partners must meet the requirements described in the documentation of the management system.
